

**Petite sélection des dernières acquisitions...
et d'autres plus anciennes qui vous ont peut-être échappées...**

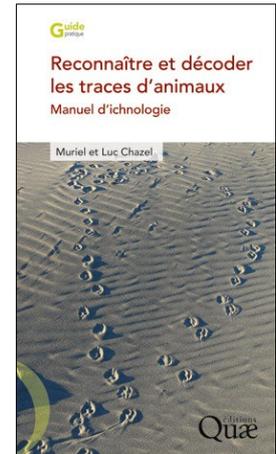

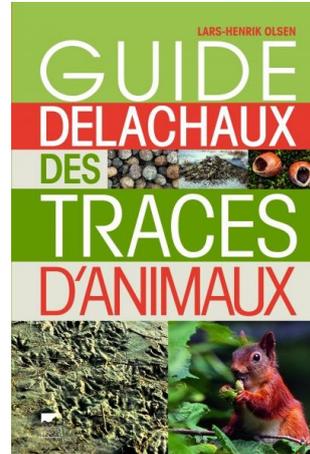

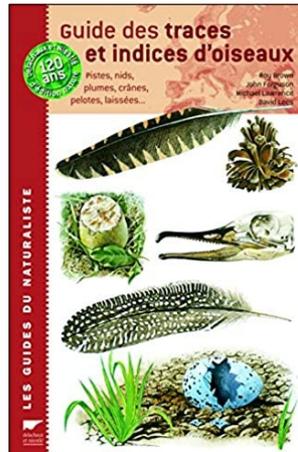

Une collection d'Actes Sud que j'aime assez « Mondes sauvages »

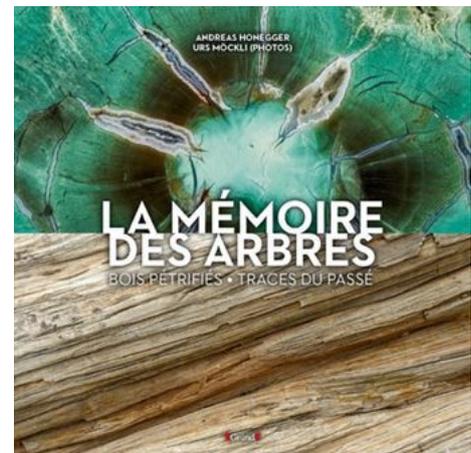

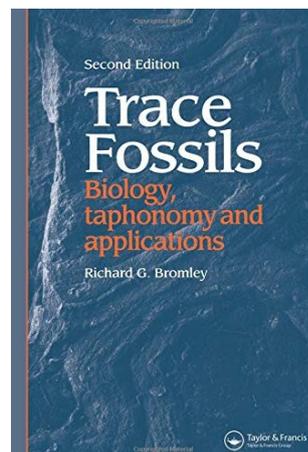

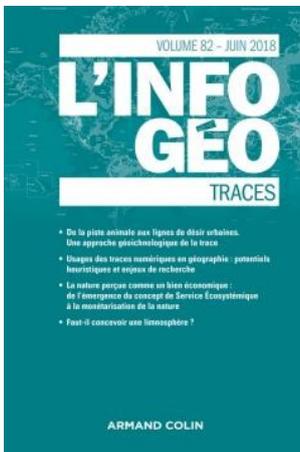

Acquisition à venir

Spécial Utopiales « Traces »

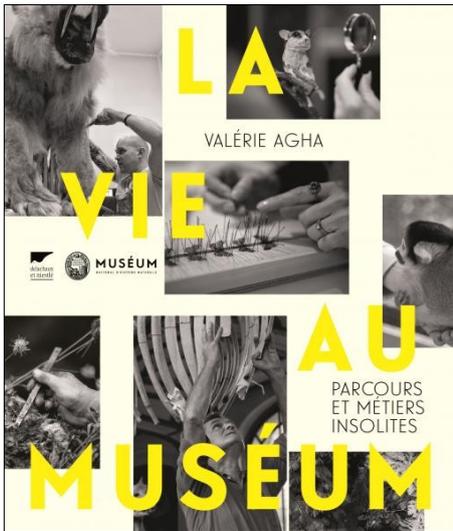

Les classiques...

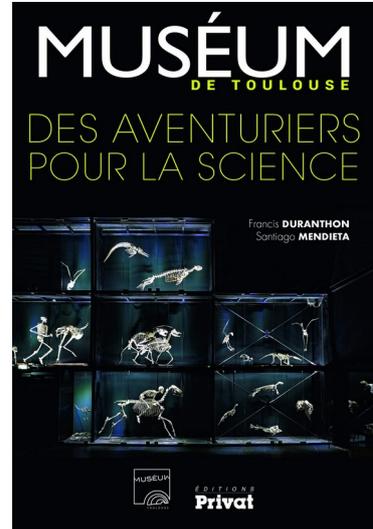

... et d'autres :

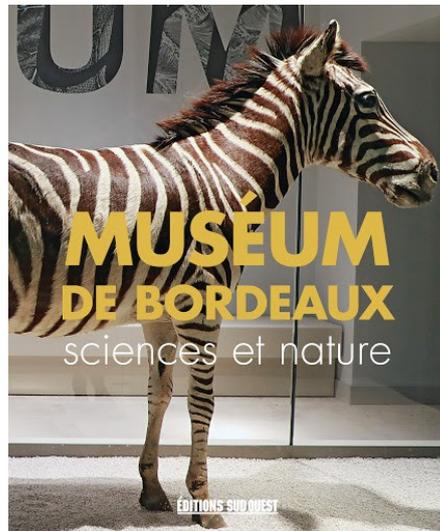

Et dans les autres muséum ?

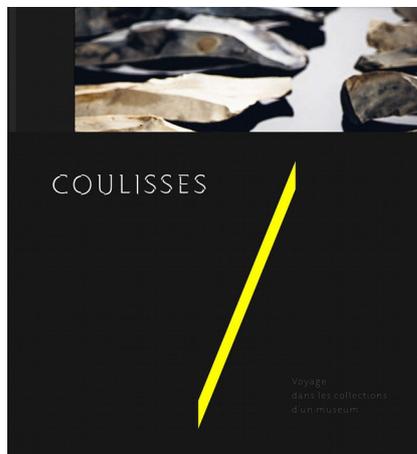

Paris

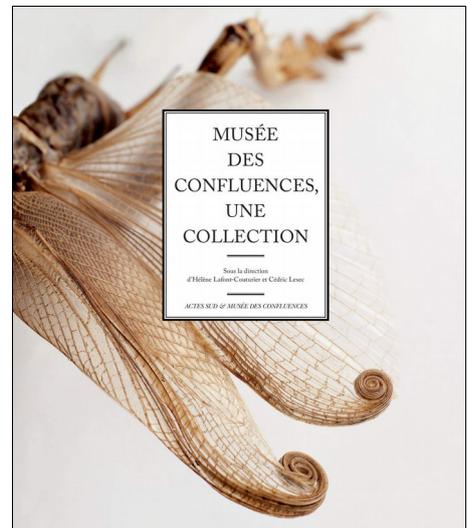

Toulouse

Bordeaux

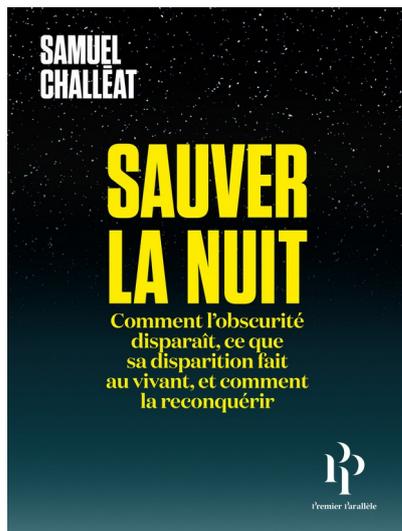

Le Havre

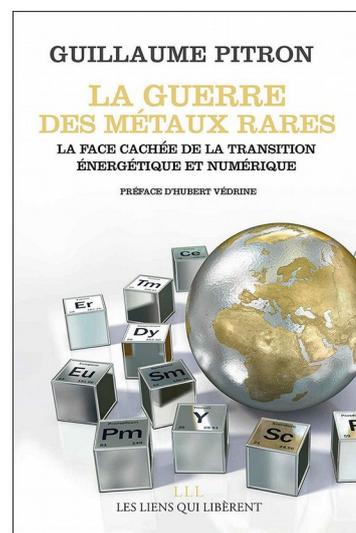

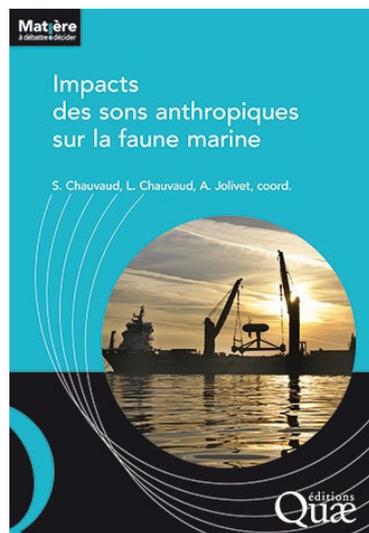

Lyon

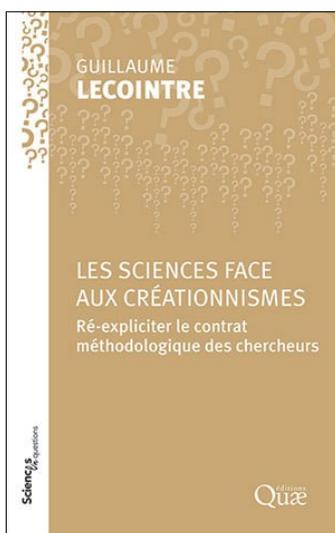

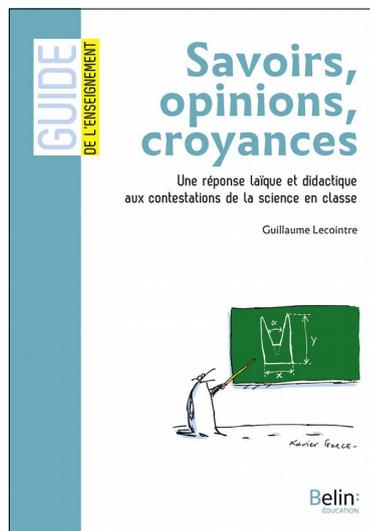

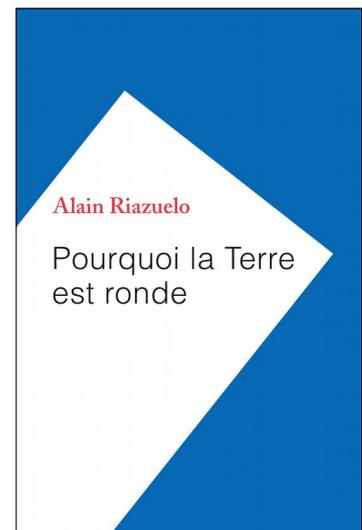

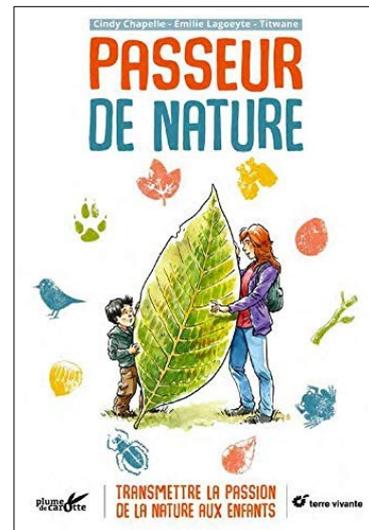

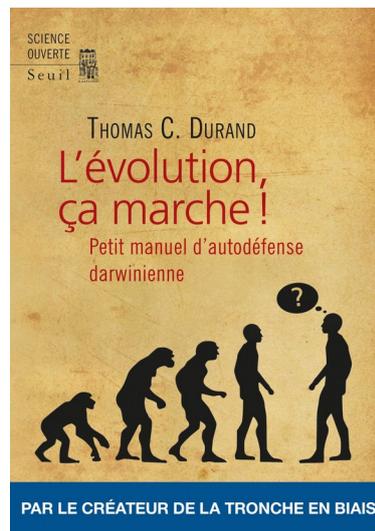

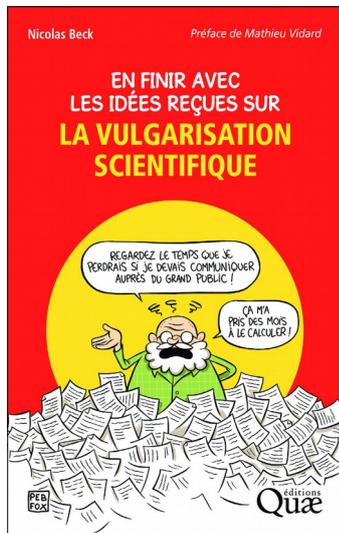

Les pollutions connues et celles auxquelles on ne pense pas forcément

Éducation à l'environnement, vulgarisation scientifique, enseignement des sciences...

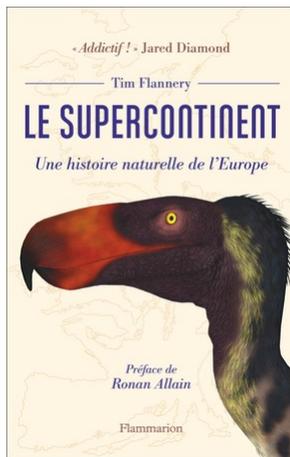

Écologie, environnement

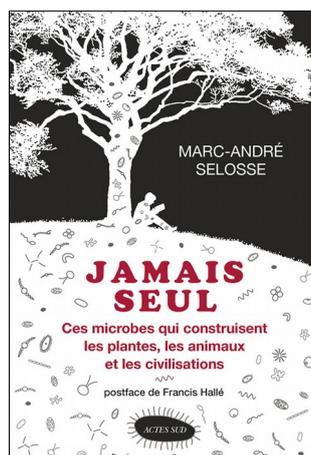

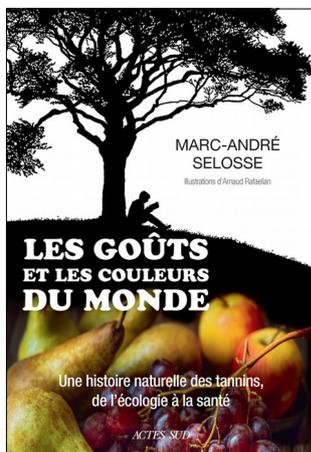

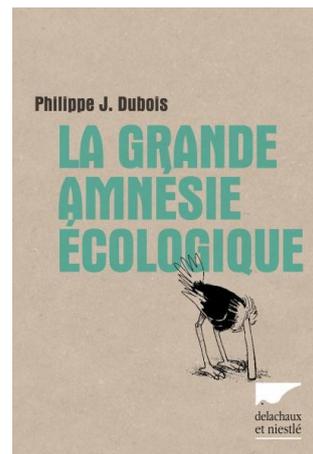

Un classique malheureusement toujours d'actualité

SRAS, grippe aviaire, ebola... Édité en 2016, vous n'y trouverez pas de Covid19, mais il est tout à fait au goût du jour

L'histoire naturelle du continent européen, d'il y a - 100 millions d'années à nos jours (avec un peu de Néandertal dedans)

Un peu de muséologie
